In this two volume Handbook, contributors from across the globe provide expert perspectives on the assessment measurement and evaluation of student learning in music. **Dictionary of Music Education**, Irma H. Collins, 2013-10-18. Irma Collins's Dictionary of Music Education is more than just a lexicon. It is a journey through time and the story of the evolution of music education, including entries on notable individuals, crucial terms, important events and key organizations. A broad survey of the field, Collins includes information about a variety of English speaking countries such as the United States, the United Kingdom, Canada and Australia, emphasizing the impact music education researchers and organizations have had on one another across the globe. Biographical entries profile musicians and music educators who were among the founders or first implementers of significant pedagogical tools and methods. Terms include standard concepts in the field of music education. Event and organization entries are those crucial to the advancement of music education regionally, nationally and internationally. Dictionary of Music Education also includes a timeline, cross references and a significant bibliography. This work will interest anyone involved in the field of music education from students and faculty to administrators and private instructors. *Music Education in America* Archibald Thompson Davison, 1926.
