Grandma's Time

My grandma picks me up after school. She takes care of me while my parents are at work. Grandma is always interested in my homework. Today, I had to use the computer to do my homework. First, I went on the internet to find out about how bears live in the winter. Then I typed up a report. Grandma said, "Such progress!" I asked her what she had meant. She told me about how computers have changed everything. "Computers have even changed the way kids do homework," she said. Grandma told me that when she was a girl, people did not have computers at home. "Well, how did you look up information?" I asked grandma. She told me that she went to the library and read books about the information she needed to learn. If she needed help with homework, she asked her mother. Her mom was home every day. When my parents come home, I will be excited to tell them what grandma said. Things sure have changed since grandma was a girl!
